

CURRICULUM VITAE

I come from a background in CNC programming where I was able to develop my technical and design skills. However, I have always been interested in development and I am now looking to establish a career in the industry. This interest has led me to recently graduate from a coding Traineeship as a full stack developer including completing 2 real-world projects successfully to specification using a wide range of programming languages. I have a logical and practical mindset with excellent problem-solving skills and a drive to succeed. I am confident that I will make a valuable addition to your development team.

PERSONAL DETAILS

NAME: Miguel Orfao

RESIDES: Scarborough

TRANSPORT: Full UK driving licence and vehicle

CODING TRAINEESHIP

IT Career Switch Ltd
Coding Traineeship – Full stack developer
1-year program

During the traineeship I had to demonstrate a very competent level of the following programming languages and technical skills

- HTML5, CSS3, JavaScript
- PHP, SQL, React, jQuery
- Java, Python, C#, Node.js
- Command Line Git, GitHub
- Remote API access

I have recently passed my **Microsoft 98-383: Introduction to Programming Using HTML and CSS**. More information on this certification can be found at: <https://docs.microsoft.com/en-us/learn/certifications/exams/98-383>

ADDITIONAL TECHNOLOGIES:

- Corel Draw, 3D Studio Max, Biesseworks, Bootstrap

DEVELOPMENT EXPERIENCE:

Below are the two briefs of development projects I completed with IT Career Switch which can be found in my bio: <https://www.miguelorfao.co.uk/>

Portfolio Project #1: “Gazetteer”

The specification was to reply to a website specification for a map-based app to provide information on countries – with a focus on a “mobile-first” development. Preferably using a framework, to then develop HTML, CSS and JavaScript with JQuery modules that use PHP server-based components to source data from third-party APIs (Geonames, OpenWeather). The solution is assessed on its delivery to specification, functionality, and usability.

Portfolio Project #2: "Company Directory"

A more rigorous reply to this specification was required as a user requirements document was needed to be prepared which, when signed off, triggers the release of SQL allowing to develop a "mobile first" application to maintain a company personnel database (MySQL). Sign-off is only achieved upon the student supplying an independently witnessed document providing confirmation of the system's ability to perform error-free.

CAREER HISTORY:

May 2018 – Present
POSITION HELD:

Ask Italian
Waiter/Bartender

Apr 2017 – Jul 2018
POSITION HELD:

Drake International
Assembly Operator

- Assembled car parts as well
- Quality checks before packaging

May 2015 – Mar 2017
POSITION HELD:

Displayworx
Floor Manager/Site Manager

- Manufactured exhibition stands, POS Displays
- Installations
- Product development
- Woodwork
- Shop fitting
- Daily and weekly feedback reports
- Technical drawing

Mar 2014 – May 2015
POSITION HELD:

CWP
**Production Manager Assistance/Store Manager/CNC Operator/
CNC Programmer**

Jun 2012 – Mar 2014
POSITION HELD:

Displayworx
Production Manager/Floor Manager

Jun 2009 – Jun 2012
POSITION HELD:

JMS Ceilings and Portioning CC
Installer/Manager Assistance

Jan 2006 – Jun 2009
POSITION HELD:

Elegant Designs CC
Assembler/Installer

EDUCATION:

2018

The Knowledge Academy
PRINCE2 Foundation

2005

Diversity High School
Grade 10
